Latham Molded Steps

Latham molded steps are a proven choice for steps, spas, and swim-up features in your vinyl liner pool. Whether you select acrylic fiberglass or thermoplastic, you'll enjoy years of easy maintenance.

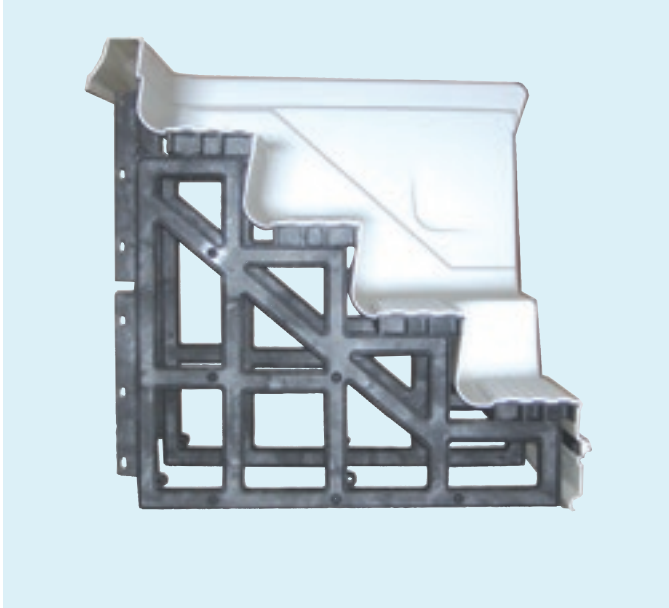

Latham has the industry's largest selection of preformed step and entry options with over 60 models, multiple color options, and profiles to perfectly coordinate with the pool of your dreams.

Thermoplastic Steps

Functional Beauty

Latham's sturdy thermoplastic in-wall steps add both function and beauty to your pool. With a wide variety of options, there are countless choices of steps, built-in lounges for relaxing, and even a sunledge to gather with the people closest to you.

Thermoplastic Engineering

Multiple levels of engineering work in unison to create unrivaled balance and stability.

- Standard Latham steps are molded from a solid sheet of co-extruded Luran® with an ABS substrate, resulting in a strong one-piece design that will never delaminate, splinter, corrode, or puncture.
- A raised, slip-resistant tread pattern facilitates safe and easy pool entry and exit.
- The strength and flexibility of weatherable polymers enables Latham steps to withstand the stress of frost and backfill saturation far better than other materials.

TES Support

Latham Thermoplastic Steps utilize the patented TES Support System for optimum tread reinforcement and strength.

- All six-foot and eight-foot models come standard with recessed jet locations.
- All models come standard with pre-punched gasket holes for easy alignment.

Warranty

Latham thermoplastic steps have a lifetime limited transferable warranty.

Acrylic Fiberglass Steps

Rigidizing Technology

Latham acrylic fiberglass steps are built with multiple layers of support designed to ensure balance and stability. Rigid-Elastic Technology, thermoplastic honeycombs with composite sandwich construction, offer maximum elasticity, resulting in greater impact strength and load tolerance. Positioned underneath every tread, these thermoplastic honeycombs provide unsurpassed support, structural integrity, and impact strength.

Stylish and Strong

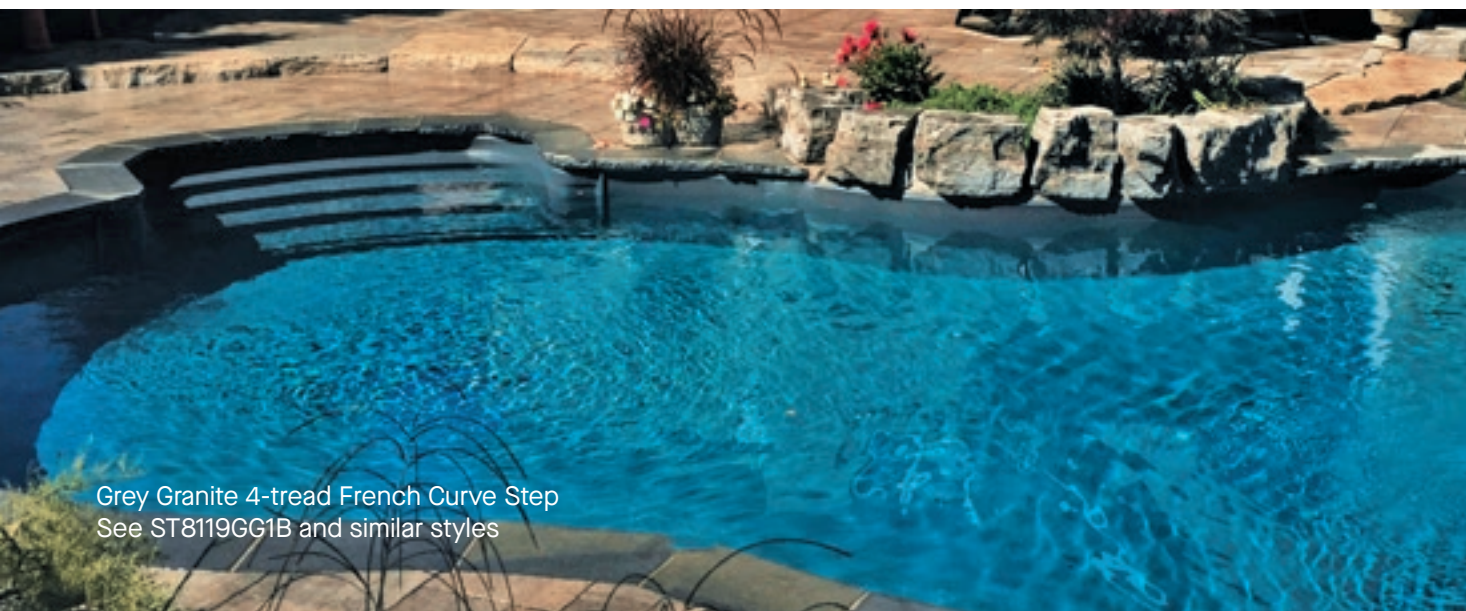

Inherently rigid, Latham's acrylic fiberglass steps are impervious to the elements and easy to keep clean. Available in multiple designs and colors, they coordinate beautifully with the rest of your pool. And while the steps create a safe and beautiful entrance into your pool, the built-in lounges, seats, and benches make a convenient and comfortable gathering place.

Warranty

Latham acrylic fiberglass steps have a 25-year limited warranty.
