

# ACRYLIC/FIBERGLASS STEP COLLECTION

## *Stylish and Rigid*

Latham's acrylic fiberglass steps are inherently rigid and strong, creating a stable entry way into your pool.

This beautiful step is easy to keep clean and impervious to the elements. Multiple designs and colors enable you to create your dream pool. Built-in lounges, seats, and benches make a wonderful gathering place.

\* Can be used standard or cantilever.

For manufacturer warranty to be in effect, all treads must be supported as recommended by manufacturer.

Printing color may vary from actual product. All colors/models subject to change without notice.

Models not marked may be available as a special order, please consult with your customer service representative for details.

## Rigidizing Technology

Optimum support from multiple levels of pool supports working in unison to create unrivaled balance and stability.

Thermoplastic honeycombs (Rigid-Elastic Technology) with composite sandwich construction offer optimum elasticity. This equates to greater impact strength and load tolerance.

Rigid-Elastic Technology positioned underneath every tread for unsurpassed support, structural integrity, and impact strength.
